

Adolescent Reproductive and Sexual Health (ARSH)

Adolescent Reproductive and Sexual Health strategy under RCH II aims to provide comprehensive service package which includes preventive, promotive, curative and counselling services to the age group ranging from 10-19 years of age.

The state has rolled out ARSH program in all the 11 districts of the state. A total of 32 ARSH clinics have been set up till date including two PPP run clinics at CIHSR and FPAI, Nagaland Branch.
